1.1.30
a Lesson in the University of The New Covenant
Theodore Cottingham, June 9, 2003
www.NewCovenant.me

1. So many only believe what they've been told to believe, and have yet to mature to the point that they think for themselves, investigate, and look into the things of My, into My face, and My words, My Word. Ted, so immature, so immature are so many in My body, when they could be enjoying so much and dominating areas and arenas that now they think is impossible.

2. Teach them to open their minds, hearts, spirit, and intellect to Me, to Me. I will speak if they just let Me, if they care enough to even come to My table, come into My presence and listen to Me. I have My table prepared all the time Ted, all the time. There is no rest for Me, for rest is something that you do and you need and is of Me. But I rest differently than you do. My rest is not the same as your rest, but rest I do. Yours is analogous to Mine, for your understanding, but very different.

3. So many don't know how to rest in Me and let Me rest in them and partake together of communing rest together. Ted, rest is foundational. Peace is foundational, communing together, really communing together like you understand it to be—you must teach, for what you have on communing is of Me and it must be shared and flourished by Me to the four corners of the earth.

4. Commune with Me more and teach them how to commune with Me and let us commune together with My body, My rich body, My body, to enrich them and give them peace and increase their peace so they can rest and rejuvenate in Me. Ted, the way you speak, you think—of communing—and your notes on communing, is of Me. Busyness destroys, ultimately, robbing all emotions and energy from their spirit to commune with Me and each other.

5. Commune, commune, commune with Me and teach it and reflect on it more and call, come, and ask Me more about it and I will help your oneness with Me, your communing with Me, for communion to take place in the spirit and the natural.

6. The networks of Me must learn to commune because I come in communion. I come in peace and love and joy and all those are present in communing communion. Communion is of Me—where you take the bread and cup and celebrate Me. That, this, is of Me. And do it and do it often and do it more and celebrate and teach Me, it, more often, for I love communion together even as I had communion with Abraham that first time, and his eyes were opened in communion, his eyes saw Me for who I am and not a perfunctory exercise that some see it as now.

7. Communion is a life-giving exercise of communing with Me and represents so much more than most know, or care to know. If they care to know, I care to tell them. Can't they understand that? I can talk, I can speak and I am speaking like never before to tell and share My heart and bring peace and rest and have communion together, and

in those times, help My people realize what they believe versus what they believe that they've only been told to believe.

8. What a huge difference. For they cannot act appropriately and gather the grapes of ripe vineyards acting only on what they were told to believe when they could have believed themselves, based on relationship, knowledge and understanding from times of communion and communing with Me.

9. Tell them, ask them, plead with them, to not rush Me, not to rush communion, not to rush taking and partaking of the cup and bread to honor Me, or time with Me, in communing communion. Both are of Me and We established it for significant purposes in My kingdom, My kingdom, My kingdom.

10. You so want to understand My kingdom even now while you walk the earth. It pleases Me so much that you want Me now and you want times of precious communing together, precious communion of spirit, now, real, reality, tangibly connecting to Me and My kingdom, now, in your quest to know Me and do what you're born for.

11. Ted, I love you coming to Me for My kingdom, My heart, and reproducing what you learn from Me, from communing with Me, in others, and letting them know, it's, this, is not at all about you. For you have served Me and prostrated yourself before Me and hung before Me with no pretense, and got up and shared the cup and the bread of Me, in joy, in suffering, in suffering, in suffering, and let Me commune with you and rejuvenate you and bring you a peace that few know. They could, they can, they choose.

12. Tell them communion is of Me and they must, if they want Me and want My cup for them and their lives and all My design, I will be happy, thrilled, to provide it them. Commune with Me. Commune with others from a heart, a foundation, a motive, of love, of giving, of reflecting Me and My values, My values, and My creativity, to all those around them.

13. You're right about Me always expanding a person's world, always, always. When they come to Me they are indoctrinated in the ways of man and what people told them to believe. But when they come to Me, I expand, I nurture, I advance, I grow, I kiss, I commune. I bring them in My chambers and give them of Me, of maturity, and exchange hearts and beliefs of man for true beliefs, for truth, for Me. I give them of Me and it refreshes and rejuvenates and refocuses and re-life's them. For I am life. I am life and I give life and the more they come to Me and accept and receive Me and the truths of My kingdom, My heart, the more alive their spirit will be.

14. Operating on false beliefs is no fun, no fun, not long, not fulfilling, but with holes in it, with that which was being sought in it being so ever illusive.

15. I am not illusive Ted. I am here and if they want Me I am here and I am speaking and writing and teaching and giving life in My chambers to those who will give Me of their life, their thinking, that controls them so and keeps them hemmed in, even as a prison, believing and operating on things and precepts and ideas that promote people, that people have told them to believe.

16. Grow up Ted. You have more growing up to do to share all I have for you with My people. Me, Me, Me. Hold nothing sacred but what I have told you in My Word is sacred and what I share with you in times of communing together, and communion.

17. If you want Me, all of Me, I come. I come in power, splendor, and majesty, and Ted, suffering, for as you well know, it can be so painful to strip out of your thinking and emotions that which is not of Me. But oh, it's worth it. For I have My table, My ways of elevating the righteous, the heart that seeks Me, and expanding the world of what they know, grasp and can operate in.

18. Your world has to expand more too Ted. You must think My thoughts and focus on Me more, more, more. I've told you that so clearly, so very clearly, so clearly. These other things are not of Me Ted. I will provide and I've told you that repeatedly.

19. Now grow up. Think Me, think My thoughts, read and reread what I've given you, especially as of late. Ted, so clearly. Don't be robbed of your time with Me for Me to rest you in Me, relax and rejuvenate and redesign that which is not of Me, but things you were told to believe and you did and operated accordingly.

20. My kingdom reigns supreme and I'm coming in My kingdom and power into My armies and I'm coming through you, and all who will let Me.

21. Ted, go to Russia, set the dates. I will go, I will go before you and I will go with you and I will do and network who and what I want done and networked. I want your words from Me shared with them and freely given to them. Translate them. Translate them for Me to them.

22. Ted, I have such great provision from Me to you and to those who come to Me and take My cup and eat My body and belittle not that which they don't understand, operating out of beliefs which were told them, as truth.

23. I am truth. I am and I am sharing of Myself like never before. I want you in Russia and I want you there one month and I will provide your needs for that. I will provide for Barbi and all that pertains to you, My servant. I have given you My words and I will give you so much more before you go. Now go and grow them and put their hands in My hand—directly—and meet with leaders and be not afraid to walk in king's palaces or with the beggar. I am bringing My cup and My bread to My body, Ted, all over the world, all over, bar none, excluding none. Ted, go and share and don't rush My times of communing with Me and tell them, ask them, beg them, to not rush their times of communing with Me—once they know the power, splendor and majesty of communing with Me.

24. Translate My words. Ask Randy. Ask Marina. Ask others and coordinate a network to translate into Russian, first, these words that I am giving you, that I have given you, and that I will give you, and that I will give them—those that choose to operate in Me, of My cup, of My bread, of My body, in My body.

25. So big, so much larger, so expanded, so enlarged. Oh Ted. Shrink not back. I tell you this all the time. Don't fear Me or Mammon or any other power. I am with you. Now go in maturing, go in the maturity you have and it will increase, increase, increase, for I am and I have said it, declared it, decreed it, and it will come forth in measure astounding many, many thousands and thousands. For Ted, I can trust you.

26. You are fearful of disappointing Me and Ted, I am not fearful of disappointing you. I am and I am not. I am that I am and I am not afraid to trust you for you have given Me your all. You held not back your son, your daughter, your wife, your status, your income—your anything—from Me.

27. Ted you have stood and you stand and you stand in My presence and you stand in My chambers and you stand in power, glory, and honor and majesty, for I choose to give these things—Me—I choose to give of Me—Me—not things, things for your understanding, but Me, Me, Me, to you, to you, to you, to all who will come and hang naked before Me and let Me use them—when they have decided they want truth from My lips to their heart to operate and live by rather than operating a life lived by what others told them to believe.

28. Oh Ted, such honor, such glory, you will experience from My hand for you fear Me and you fear disappointing Me and you fear about your character and your strength of character. You have asked Me repeatedly to not promote you beyond your character, and you fear Me, you fear Me, you fear you'll disappoint Me. But Ted, I, write, I believe in you. I believe in you and you shall see and they all shall see.

29. Now go and grow and put their hand in Mine and develop the networks of those whose only quest is to put their hand in Mine and hear Me, know Me and do My bidding—whether by bigness or smallness—even by tiny-ness and seeming insignificance.

30. Tell them, tell them, tell them, 'shall the clay say to the potter, fashion me thus'? [Isaiah 45:9] Quote it, preach it, teach it, and mature My people to hear Me and truth from My lips, My heart, My cup, My bread, to their heart and spirit, and live afresh and anew—expanded, exhilarated, ecstacized, in love, in Me, to know peace and rest and power and what they believe for themselves rather than man. Know what they believe, for Me, in Me, of Me, through Me, to Me.

31. Now go and grow and be not afraid of not paying your bills or having the money to eat and make your house payment and fix your garage and cars and home and pay your taxes.

32. Money—Ted—money is so powerless, Ted, in itself. I have so many who wait, who want, who wait, wait, wait to support you and give to you richly, over abundantly, because you love them, you love them, you respect them, you grow them, you put their hand in My hands and raise not yourself in your own eyes. Ted, tell them what I've said. Keep publishing My words and do so in print and in every language.

33. Seek translators and build the network of the rich and famous, not of your fleshly kingdom, but build the networks of the wealth of those with truth that operate from foundations of My kingdom, My truth, My foundation, My body, My blood, My blood, My blood, My cup and My bread and My body, given for My body.

34. Now go and grow and don't worry about busyness and business and dollars and provision for I am Jehovah Jireh. I am provision. I am the ram. I am the altar. I am the sacrifice. I am provision Ted, I am. It's all to Me, in Me, through Me, to Me, and I am pleased with your progress though I want you to increase and accelerate and be not delayed by your thinking of needs for money.

35. Walk in My integrity. Walk in freedom. Walk in My provision. Walk forth. Walk forth in peace and bring them peace in Me, bring them My cup and My body, My bread—Me to Mine—bring, take, go forth.

36. Tender, tender. Tender loving kindness. Fear Me only. Fear no lack. Fear not but fear Me and remember you take many with you where you are going, coming, for you understand fully that you are an established point man pulling many in your wake. Many follow you for only one reason, you bring them freedom, freedom, freedom, from what man told them to believe and you put their hands in Mine, you put their ears to My mouth, you put their hearts next to My heart, so they can feel My heartbeat. And Ted, I thank you. I thank you. I thank you.

37. Receive with joy that, and those, that come to you and offer to do and be and become. For Ted, they do it for Me, not you. Remember that and confuse it not. Remember it well. Put it on your table, your wall, as an ever-present reminder. It's not you. It's Me. It's not for you, it's for Me and that's why I can do what I am doing and will do in you and through you and through them that help you.

38. Enjoy, go and laugh, you're improving in this and beginning, just barely beginning, to grasp Me in this and the power of truth in this area. Now go and laugh and worry not. I have provision. I am provision.

39. Do your schoolwork for that doctorate is of Me. Short not your efforts to learn and perform admirably in that program. I, I, Ted, I put you in. Now go and grow and be happy and take comfort in My words, My words this day and all I have given you, provided, and all I have awaiting you.

40. My words wait for you. Grow and come. Grow and come and bless all who bless you. Bless all who don't bless you. Bless those who ridicule you, for some shall, but it's okay. You can handle it. You are Mine. I am thine. They are Mine. I am theirs. And maturity, maturity, maturity, rest, truth, communion, communing, must increase, in you, in them, in My body, with great joy, great joy.

41. Altars, Ted. Do what I've given you. Proceed now, today, Ted. Time is short. Prepare and speak and do what is in your heart for I put that in your heart.

42. Tell Mike Galiga thank you, thank you for what he did and let him know I am pleased and tell him of the altars. He is your friend and I am in him and his wife and son. I am, I am his friend and I will raise him for I operate in him mightily. Be friends. Enjoy. Commune with him and those I bring you.

43. Start a church not for I am, you are, to My body, My body, and I will do that which I said in your dream about Bill Sanders. Bill, My servant Bill, I honor, I honor him so. 'I will give you relationships with many men, men like Bill Sanders', who paid, and are paying, and will pay a price, in man's eyes, in time, effort and transparency, to know Me and let Me give them the truth they seek, and walk in My design for them, and not man's design.

44. Ted, thank you. Thank you for being transparent with Me and with all who will read these words. You represent Me and you represent Me with character and integrity.

45. Blossom forth in who you are, for you are free to be you, in Me, in you, us together, in freedom, as one, as one, as one. And our oneness shall increase and great shall be your reward for hanging transparently in front of My people.

46. I thank you. I bless you. Now go and play in My garden, with My children, and have fun and play and produce, as one, as one, as one.

47. I am one. You are one.
My body is one, one, one.

Thank you.
